Thank you Stephen. I've forwarded it to the rest of the ADEQ team.  
It looks like some of the preliminary results exceed the dioxin PRG.

Thanks,

Hi Arkwood Team,

The preliminary data from the EPA split sampling on soils was received.

Attached is a map that shows a quick visual representation, as well as, the data spreadsheet.

Validated data on the EPA split sampling is anticipated to be received in February 2015.

Thanks,
